

Guru Nanak College Dhanbad
Report on
Online Test on “Understanding India”

The Department of Economics at Guru Nanak College, Dhanbad, organized an online test titled “Understanding India” for students from all streams (Humanities, Social Science, and Commerce) of Semester I (2024–28). The test was conducted on September 27, 2024, at 11:00 AM. The objective of this initiative was to provide students with an opportunity to deepen their knowledge about India’s socio-economic, historical, and cultural aspects, aligning with the end-semester examination pattern.

The event was open to all stream students, ensuring inclusivity and encouraging interdisciplinary learning. Department heads actively facilitated participation by disseminating the notice among their respective students. The test was conducted online, with students accessing it via a provided Google Forms link.

This academic endeavor reflects the department’s commitment to leveraging digital platforms for innovative learning and fostering a comprehensive understanding of India among students. Such initiatives enrich the educational experience and prepare students for holistic academic growth.
